

SALINE SCHOOL RECORDS

Saline School Records Book 5 - 1923 - 1935

(These records are transcribed from handwritten school record book five (of six). These are important records because they show the birth date of the child, the parents name, where they lived and years they entered school. There are some instances of the occupation of the father. Most of the children left the school at age 14, possibly because this school only went to that grade, many left to go to work, some to high school. Numbers are beginning again with 1. Number in parentheses after name denotes re-admitted, original admission number. Transcriber Diane Wardlaw.

No. on Register	Date of Admission or Re-admission. Mo/Day	Name of Child	Name of Parent/Guardian	Address	Date of Birth Mo/Day/Yr
-----------------	--	---------------	-------------------------	---------	----------------------------
